

## **Entirely in keeping with the style of the Hygge trends: The MEDISANA Aroma Diffusers create a cosy home atmosphere and ensure wellbeing**

*Neuss, 31.08.2018.* The Danes know how to live happily and carefree. Even studies document that they are the happiest people in the world. No wonder that the trend towards paying more attention to the beautiful things in life comes from Denmark. Hygge (translated as cosiness) means the movement that expresses our longing for more security and comfort, as well as social and aesthetic warmth. Naturally, this also applies specifically applies to our own four walls. Where, if not here, can we really make it nice and cosy for ourselves?

The MEDISANA Aroma Diffusers create a cosy home atmosphere. They create a relaxing ambience for rooms - with scent and light. They are not just nice to look at: Aromatherapy has a natural healing power for people, by stimulating various systems of the body. With ultrasound atomisation, the aroma diffusers, which skilfully combine function with design, ensure the evenly subtle distribution of pleasant fragrances in the room. Whether it is invigorating or calming: In conjunction with gentle, changing wellness light, a completely individual pleasant feel-good home atmosphere is created – the basis for more quality of life and health.

The new **AD 635 Aroma Diffuser** is a decorative aroma diffuser for scented oils made of high-quality milk glass. Its colour-changing wellness light in six appealing colours ensures moments of relaxation. Its appearance is also convincing, as a stylish living accessory without visible control elements. The AD 635 Aroma Diffuser is highly effective with its microfine atomisation. It is also quiet and energy-efficient and switches off automatically when the tank is empty.

The **AD 625 Aroma Diffuser made of bamboo** is also a decorative eye-catcher in any living environment, with a gently changing wellness light in six colours. It is particularly convincing due to its simple and modern design and is a perfectly shaped accessory without visible control elements. With its state-of-the-art ultrasound technology, the AD 625 Aroma Diffuser generates a fine mist, through which the scent is evenly and subtly distributed throughout the

entire room. Whether it is balancing and calming or stimulating and revitalising – there are no limits to your own imagination with the selection of the fragrances.

All MEDISANA aroma diffusers are available from specialist retailers and at [www.medisana.de](http://www.medisana.de).

The new AD 635 Aroma Diffuser costs EUR 79.95 RRP and will prospectively be available from the fourth quarter of 2018. The new AD 625 Aroma Diffuser costs EUR 79.95 RRP.
